

STUDENT NAME: _____ HG: _____

BYOD (Bring Your Own Device) request

In addition to the Mark Oliphant College Chromebook Program the Colleges provisions for students to BYOD. All BYOD devices must meet minimum specifications (detailed below) and be configured by the College to operate safely and securely on the College network.

Additionally, all students with BYOD must also abide by the College ICT User Agreement when using their device at the College.

Minimum to Recommended Specifications for BYOD devices

Operating System	Storage	Memory (RAM)	Screen Size
Windows 11	256GB - 512GB	8GB - 16GB	13" - 14"
Chromebooks	32GB - 64GB	4GB - 8GB	11" - 13"
MacBook	128GB - 512GB	8GB - 16GB	11" - 13"

If you would like to BYOD to Mark Oliphant College, **please complete this form and return it to the IT Service Desk with the device you would like to BYOD.** Devices which meet the minimum specifications will be approved and configured to operate safely and securely on the College network.

Details of the device I would like my child to bring to the College as part of the BYOD Program:

Make: _____ Model: _____

Operating System	Storage	Memory (RAM)	Screen Size

Parent signature

Student signature

Principal's signature

Parents and students will be informed of the outcome of this request

Thank you, IT Team
Mark Oliphant College

ICT Section	Administration
☐ Meets minimum specifications ☐ Security certificate installed ☐ Access to network	☐ Daymap record created and sent as Daymap Message to relevant teachers and leaders
