CURRENT OCCUPATION

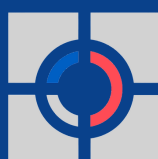

PhD candidate in the Myeloma Research Lab at Adelaide Uni

WHAT ARE THE MAJOR LIFE ACHIEVEMENTS SINCE YOUR GRADUATION ?

After graduating at MOC I started a Bachelor of Health and Medical Science (Advanced), completing in 2020 with a major in Medical Sciences.

Then completed my Honours degree in the Myeloma Research Lab at Adelaide Uni, based at SAHMRI. I achieved first class honours for my project exploring 3D cell culture models of the bone marrow in multiple myeloma.

I enjoyed research so decided to stay in the same lab and start a PhD investigating metabolism of cancer cells and their microenvironment in multiple myeloma.
